**INCENTIVE REQUEST**

Please review the following information prior to completing the Incentive Request below. Payment of the requested incentive is subject to the following Incentive Program guidelines:

- A. Each year, APS establishes a quarterly spending cap for this Incentive Program. Once APS reaches that cap, it will place any subsequent Incentive Reservation Request (“Reservation”) on a wait list until funds again become available under the cap. APS will notify any applicant whose Reservation is placed on the wait list.
- B. If funds are available under the cap, the Reservation will be accepted by APS and the applicant will be notified. Acceptance of the Reservation is not a guarantee of payment. Payment is contingent upon execution of a Credit Purchase Agreement (“CPA”) within sixty (60) days following APS’ acceptance of the Reservation and compliance with the terms of the CPA. Payment is also contingent upon complete installation of the System within 365 days following APS’ acceptance of the Request. If the CPA is not timely executed, or if the applicant fails to complete the installation of the System within the required time period or otherwise fails to comply with the terms of the CPA, the Reservation will be cancelled.
- C. Payment shall be made in accordance with the terms of the CPA for the lesser of: (i) the contract term of the CPA; or (ii) until the date on which the aggregate payment by APS equals the aggregate contract price, with such aggregate contract price meaning “the lesser of either sixty percent (60%) of the Total Project Cost as provided in the approved reservation application, or sixty percent (60%) of The Total Project Cost provided as of the Commissioning of the System”.
