

**RATE SCHEDULE E-32R  
GENERAL SERVICE  
PARTIAL REQUIREMENTS**

AVAILABILITY

This rate schedule is available in all territory served by the Company at all points where facilities of adequate capacity and the required phase and suitable voltage are adjacent to the sites served.

APPLICATION

This rate schedule is applicable to Standard Offer customers not taking all electric power requirements from the Company who continue to desire a permanent electric connection with the Company as a standby or supplemental power source. All provisions of the otherwise applicable general service rate schedule will apply except those specifically modified herein. Direct Access customers are not eligible for service under this schedule.

This rate schedule is not applicable to breakdown, residential, or resale service or to service for which Rate Schedules E-34 or E-35 is applicable, or when the customer's other sources of power supply are being held solely for emergency use.

RATES

Customers served under this rate schedule shall be billed monthly in accordance with the otherwise applicable general service rate with the following exceptions:

- A. For electric service provided under standard general service rate schedules, the kW used to calculate monthly charges, including any applicable Monthly Maximum Demands, shall be based on the greater of the following:
  1. The average kW supplied during the 15-minute period (or other period as specified by customer contract) of maximum use during the month, as determined from readings of the Company's meter.
  2. 80% of the average of the highest kW measured during each of the six (6) summer billing months (May-October) of the 12 months ending with the current month.
  3. The minimum kW specified in the agreement for service or individual customer contract.
- B. For electric service provided under time-of-use general service rate schedules, the On-Peak kW used to calculate monthly charges, including any applicable Monthly Maximum Demands, shall be based on the greater of the following:
  1. The average kW supplied during the 15-minute period (or other period as specified by customer contract) of maximum use during the On-Peak hours of the month, as determined from readings of the Company's meter.
  2. 80% of the average of the highest kW measured during the On-Peak hours of each of the six (6) summer billing months (May-October) of the 12 months ending with the current month.
  3. The minimum kW specified in the agreement for service or individual customer contract.

Minimum bills shall be calculated in accordance with the otherwise applicable general service rate.
