GREEN CHOICE (Block and Percent-of-Use options only)

Green Choice is sold in 100 kWh blocks or it can match 10% (non-residential only), 35%, 50%, or 100% of your estimated electricity usage. Both options are made up of the resources below.

Green-e Energy Certified New ² Renewables in Green Choice		Generation Location
Geothermal	16%	National
Wind	84%	National
TOTAL	100%	National

For comparison, the current average mix of resources supplying Arizona Public Service Company includes: Coal (40%), Nuclear (26%), Gas/Oil (19%), Renewable (2%), and Purchased Power (13%).

The average home in the U.S. uses 900 kWh per month. [Source: U.S. EPA]

1. These figures reflect the power that we have contracted to provide. This figure reflects actual power sold to customers.

2. APS renewable resources first began commercial operation on or after 1/1/97.

For specific information about this electricity product, contact the Arizona Public Service Co. Green Team at (800) 659-8148 or visit www.aps.com.

The Green-e Energy Program certifies that **Green Choice** meets the minimum environmental and consumer protection standards established by the non-profit Center for Resource Solutions. For more information on Green-e Energy certification requirements, call 1-888-63-GREEN or visit www.green-e.org.
