

**2012 NON-RESIDENTIAL
SOLAR SPACE COOLING SYSTEM
UP FRONT INCENTIVE RESERVATION APPLICATION INSTRUCTIONS**

NOTE: INCENTIVES ARE AWARDED ON A COMPETITIVE BASIS. SUBMITTING YOUR RESERVATION APPLICATION DOES NOT GUARANTEE PROJECT FUNDING.

Instructions for submitting Reservation Application:

1. Complete and submit a Reservation Packet. The reservation packet consists of:

- Copy of a contract with Installer or Developer executed by both customer and Installer or Developer for the installation of the System Developer (**application will not be accepted without this documentation**)
- A quote from your installer providing itemized cost for the system
- A completed and signed Reservation Application

The Reservation Packet must be submitted electronically to commercial-incentives@aps.com.

APS will not accept incomplete applications. Please note:

- APS is not responsible for applications not received due to an undeliverable email address
- A reservation application will not be accepted unless it is signed by the APS customer of record
- A reservation application must be received by the nomination period deadline (which ends the last day of the nomination month)

2. Receive Reservation Confirmation

Funding for up-front incentives will be equally divided into six bi-monthly allocation periods and will be reserved for projects on a competitive basis. Please see the [decision process](#) on the APS website at www.aps.com/gosolar.

Please note that at the end of the nomination period, you will only be notified **if your reservation application is approved for funding**. If approved, you will also receive a Credit Purchase Agreement which must be signed and returned to APS within 45 days. Once the funding process is complete, the ranking score of the last accepted project will be posted on a link listed on the first page of our website at www.aps.com/gosolar. This posting will typically occur within 14 days of the close of the nomination period.

If your application is not approved in the current funding nomination period, unless you request it to be withdrawn, the application will automatically roll over to the next nomination period “as is” during the current calendar year. You may also submit an updated application, clearly marked “REVISED” on page 1 of the application.

If your reservation application is not approved for funding, and you choose to proceed with the installation, please note your equipment can only be considered “new” and eligible for an incentive for up to six months from the commissioning date of the system. Systems over six months old are not eligible under the APS incentive program.

Important Note:

If any information provided on the Incentive Application changes, please submit a signed amended incentive reservation application to APS at commercial-incentives@aps.com.

3. Proof of Advancement

As part of the Proof of Project Advancement, an Energy Savings & Designed Output (ES&D) report is required based on the technology. Proof of Project Advancement includes, at a minimum, applicable municipal permits, design drawings, and commitments to procure system equipment.

4. **Proceed with installation and obtain necessary municipal clearances.** (Typically your equipment dealer /installer will assist you in obtaining any necessary clearances).

5. **Request Incentive Payment.**

Please submit the following so that an incentive payment can be issued:

- Installation and Commissioning Certificate signed by both the dealer and the installer
- Copy of PAID invoice confirming final System purchase price, payment (paid in full, less any assigned APS incentive payment), and installation by an Arizona licensed contractor
- Copy of green tag / city clearance (or letter in lieu if applicable)
- Please include the project reservation # in your email when submitting these final documents, as not supplying the reservation # can cause significant time delays

Submit all program documents to: commercial-incentives@aps.com
