

**Arizona Public Service Company  
2010 Resource Planning Stakeholder Meeting Notice**

Interested Party:

Arizona Public Service Company ("APS") is providing notice that it is initiating a stakeholder process in preparation for the development of its 2010 Resource Plan to be filed with the Arizona Corporation Commission later this year. APS's resource planning process will evaluate different resource options for meeting future electricity demand.

The purpose of the meeting is to provide a forum to facilitate stakeholder discussion regarding APS's resource planning process and planning challenges. Stakeholder input is a valuable contribution to the resource planning process, and your ideas and comments will be considered in the development of APS's 2010 Resource Plan.

**The first meeting will be held on April 20, 2010, from 9:00 a.m. - 12:00 noon in Room 2 South at the Arizona Public Service Corporate Headquarters, 400 N. 5<sup>th</sup> Street, Phoenix Arizona 85004.**

**If you plan to attend, please RSVP to [ResourceAlternatives@aps.com](mailto:ResourceAlternatives@aps.com) by April 9, 2010, so that we can make advance arrangements with Security to provide you with a badge. Please allow extra time for the security process.**

We will be creating a service list of interested stakeholders. If you would like to be notified of future Resource Planning meetings, please respond to the same email address above and request to be added to the service list. We look forward to your feedback and participation in these Resource Planning stakeholder activities.

If you have any questions, please contact Erinn Andreasen at (602) 250-3276.
