

Purpose Statement

- **Goal:**

- To receive input and feedback from APS stakeholders on resource planning issues and to increase understanding of APS' resource planning challenges.
- This information will be used to help develop APS' resource plan

- **Objectives:**

- Educate stakeholders on APS' current and future energy situation, challenges, choices, complexity of resource decisions and need for flexibility.
- Enhance relationship with and support from APS stakeholders in the creation and implementation of the short and long-term resource plan.
- Exchange information and insights to assist APS in preparation of the resource plan.
