<b>Average Monthly Electric Bill:</b>	106	126	133	133

Energy consumption estimates provided by APS are based on thermostat settings of 68° in winter and 78° in summer. Actual energy costs may vary, depending upon individual lifestyle and number of people living in the home. Estimates are based on the APS Time Advantage Rate using the following assumptions: 0-1,000 sq. ft. = 2 people; 1,001 – 2,000 sq. ft. = 3 people; above 2,000 sq. ft. = 4 people.
