Who Are We And What Do We Do?

We are responsible for Residential and Commercial customers interconnecting to the APS Grid and any DER program applications. We are responsible for the customer and on-going stakeholder communication. We manage legacy incentive contracts with customers and are responsible for any changes to those contracts, we support the interconnection requirements and own the data integrity.

Management of the applications for APS Programs:

- Residential and Commercial Grid Tied Interconnection
- Solar Partner Program
- APS Solar Communities
- APS Rewards Programs
 - Cool Rewards
 - Storage Rewards
 - Reserve Rewards
- Take Charge AZ
