

SAFETY FOR CONTRACTORS

## Specialized

### Contact us when transporting oversize loads

If you're transporting loads exceeding 18-feet in height on highways or 16-feet on streets or secondary roads, contact us at least five business days before you travel. Requests can be made 24/7 by phone at 602-250-3418 or email at [PublicSafety@aps.com](mailto:PublicSafety@aps.com). Please include your name, phone number, proposed route (attached route map if available), date when you plan to move your load and overall height of the load. Messages will be returned within two business days.
