

APS West Valley Central 230kV Connection Project

Route Tour Itinerary

February 2022

Siting Committee Pick Up Location

- Members of the Siting Committee participating in the route tour will be picked up using a passenger van at the Glendale Civic Center located at 5750 W Glenn Dr, Glendale, AZ 85301.

Proposed Route A

Route Stop #1

- The tour will start at the Future TS-2 230kV Substation, located at the northwest corner of the intersection of SR 303 (Loop 303 Freeway) and north Olive Avenue. Participants will park along the south side of Olive Avenue in a gravel area adjacent to the roadway.
- The tour will continue turning right (east) along Olive Avenue for approximately 1.5 miles to the intersection of Olive Avenue and Reems Road.

Route Stop #2

- The second stop will be at the northeast corner of the intersection of Olive Avenue and Reems Road. The parking area is an unimproved dirt surface along the south side of the APS Falcon Substation.
- The tour will continue by exiting the parking area using Reems Road and turning left (east) along Olive Avenue approximately 1.5 miles to the intersection of Olive Avenue and 143rd Avenue.

Route Stop #3

- The third stop will be at the northeast corner of the intersection of Olive Avenue and 143rd Avenue (unimproved dirt road). The parking area is unimproved dirt surface along the east side of the railroad tracks.
- The tour will continue by exiting the parking area using 143rd Avenue (dirt road) and turning left (east) along Olive Avenue approximately ½ mile to the intersection of Olive Avenue and Litchfield Road. The route tour will then turn left (north) along Litchfield Road for ½ mile to the intersection with the railroad tracks near G Farms.

Route Stop #4

- The fourth stop will be at the southwest corner of the intersection of Litchfield Road and railroad tracks (unimproved dirt road). The parking area is unimproved dirt surface along the south side of the railroad tracks.
- The tour will continue by exiting the parking area turning left (north) along Litchfield Road approximately ½ miles to the intersection of Litchfield Road and Peoria Avenue. The route tour will then turn right (east) along Peoria Avenue for 1.25 miles to the intersection of Peoria Avenue and 127th Avenue.

Route Stop #5

- The fifth stop will be at the northeast corner of the intersection of Peoria Avenue and 127th Avenue. The parking area is unimproved dirt surface along the east side of the roadway.
- The tour will continue by exiting the parking area turning left (east) along Peoria Avenue approximately ½ mile to the intersection of Peoria Avenue and El Mirage Road. The route tour will then turn right (south) along El Mirage Road for 1 mile to the intersection of El Mirage Road and Olive Avenue.
- The route tour will then turn right (east) along Olive Avenue approximately 1.1 miles to the intersection of North 114th Avenue.

Proposed Routes E and G

Route Stop #6

- The sixth stop will be at the Suncliff Subdivision at the intersection of Olive Avenue the North 114th Avenue, south of Olive Avenue. It will turn right (south) into the Suncliff residential subdivision and park along West Puget Avenue.
- The tour will continue exiting the Suncliff residential subdivision turning right (east) traveling approximately 0.3 mile and turning right (south) traveling 1 mile to the intersection of 114th Avenue and Northern Avenue. Then turning right (west) traveling 0.15 mile to the intersection of North 112th Avenue turning right (north) into the Suncliff residential subdivision.

Route Stop #7

- The seventh stop will be at the Suncliff Subdivision at the intersection of the intersection of North 112th Avenue turning into the Suncliff residential subdivision. It will turn right (north) into the Suncliff residential subdivision and park along North 112th Avenue.
- The tour will continue exiting the Suncliff residential subdivision turning right (west) traveling approximately 1.4 miles and turning right (north) at El Mirage Road traveling ½ mile to the intersection of El Mirage Road and Butler Drive. Then turning left (west)

traveling 1/2 mile to the end of Butler Drive roadway near Master Block manufacturing facility.

Route Stop #8

- The eighth stop will be at the end of Butler Drive adjacent to the Master Block manufacturing facility. The stop is adjacent to the future 127th Avenue Road Alignment.
- The tour will continue exiting Butler Drive traveling ½ mile east then turning left (north) on El Mirage Road. Then turning left (west) traveling ½ mile to the end of Alice Avenue near APS Conrail Substation.

Route Stop #9

- The ninth stop will be at the end of Alice Avenue near APS Conrail Substation.
- At the conclusion of the route tour, participants will travel ½ mile east to El Mirage Road, where they can exit and travel to their desired destination.
