Meeting Topics

Introduction and Stakeholder Process, Adam Constable – APS, Consultant, State Regulatory

Adam began the meeting with an introduction and an overview of the agenda for the meeting. Adam also provided an overview of the stakeholder process that was approved as part of the SRB Plan of Administration and detailed how participants could provide additional comments to APS during a stakeholder comment period following the meeting.

SRB Tables I-III Update, Derek Seaman - APS, Director, Resource Acquisition

Derek provided an update of SRB Tables I-III to the participants. Within these tables, he shared a description of the 2024 Request for Proposal (RFP) that was released in November 2024 and described four projects that will be eligible for recovery through the SRB once completed. Those projects include Ironwood, Agave, Sundance, and Redhawk. These projects have estimated in-service dates ranging from Q1 2026 to Q1 2028. There are currently no completed SRB projects, so Table III is currently blank.
