

SOLAR COMMUNITIES

Refer a friend and save \$50 on your bill

Refer a friend or family member for the Solar Communities program and you could get a \$50 bill credit to save on your energy bill.

Who is eligible to receive the \$50 bill credit?

Customers currently enrolled in the Solar Communities program who refer a friend or family member who enroll in the program can earn the credit and save.

What does the referring customer have to do?

The referring customer must be enrolled in the Solar Communities program and refer a friend or family member. If they meet all the requirements and receive solar through the program, you will receive a one-time \$50 bill credit on your bill once their solar is installed.

What does the referred customer have to do?

Fill out the online application and include the referring customer's name when prompted, then meet all of the program requirements:

- Be an APS customer
- Live in the targeted program area
- Meet income and home requirements
- Not currently have rooftop solar on their home
- Be enrolled in the program and have the rooftop solar installed

Other restrictions may apply. Offer may end without notice at any time.
