

YOU COULD BE SAVING MONEY RIGHT NOW

Time-of-Use Plans

Save with lower-cost off peak hours during weekdays.

Our Saver Choice, Saver Choice Plus and Saver Choice Max customers save money by shifting energy use to off-peak hours on weekdays. During the summer, pre-cooling your home is one way to save. Just set your thermostat a few degrees lower than normal before 3 pm. Then, between 3 pm and 8 pm, set it a few degrees higher. Learn more at aps.com/precool.

Here are more ways to save:

- Run dishwasher after 8 pm
- Do laundry in the morning or the weekend
- Use the pool pump before 3 pm

Find more ways to save at aps.com/save.

LV2007001

Plan Comparison Tool

Using your energy usage over the last year, it automatically shows what you'd pay on different APS plans. Find the one that offers the most savings and switch. You can switch back or try another plan anytime. Try it at aps.com/compare.
