

ENERGY ANALYZER

**One survey.  
Countless ways  
to save.**

## Take our Energy Analyzer survey and let the savings begin.

The quick online survey is free. It takes only minutes to answer a few questions about your home and receive a customized savings plan with recommendations and tips. The survey looks at electronics, lighting, heating and cooling to find ways to:

- Make your home more comfortable
- Improve indoor air quality
- Reduce what you pay to cool your home

To find savings, take the free Energy Analyzer survey today at [aps.com/ea](https://aps.com/ea).
