

# YOU COULD BE SAVING MONEY RIGHT NOW

Plan Comparison Tool

# You could save money just by switching plans.

Are you on the best plan for your household? Find out with our free online Plan Comparison Tool. It's easy and takes just minutes. Using your energy usage over the last year, the Plan Comparison Tool automatically shows what you'd pay on different APS plans. Find the one that offers the most savings and switch. If you change your mind later, you can switch back to your old plan or try another plan anytime.

## See the savings

Look on page 1 and page 3 of your bill each month to see if you're already on the plan that offers you the most savings. Or if a different plan could save you more money.

To review your plan options, visit [aps.com/compare](https://aps.com/compare) and log in to your account.
