

# Goodbye summer, hello 70% off

Super off-peak  
hours are here

## Tis the season to save even more: super off-peak pricing is 70% less than regular off-peak.

As a Saver Choice customer, you automatically get super off-peak pricing weekdays from 10 am to 3 pm during the winter. It's already part of your plan. With extreme summer heat behind us, there's less demand on the grid. And we're passing the savings on to you. That means you can save even more this time of year when you shift energy use to super off-peak hours. For example:

- Use the delay button to run the dishwasher after 10 am
- Do laundry between 10 am and 3 pm
- Pre-heat your home before 3 pm
