

APS SmartCharge program

Are you an EV owner?
This program is for you.

APS SmartCharge program Help improve the EV experience in Arizona.

Do you own an EV? Join the APS SmartCharge program and help us collect data that can be used to improve the EV experience for everyone in Arizona. Here's how the APS SmartCharge program works:

- You may receive a device that plugs into your EV (think “fitness monitor” for your car)
- Drive and charge as normal (the chip records the data)
- See your data on an online dashboard anytime
- Earn points toward a \$25 award for joining
- Earn points to receive a \$5 reward every month you're connected

Apply to see if you qualify at aps.smartcharge.com.

LV2112002

Our commitment to you:
100% clean energy by 2050

Part of a carbon-free future includes making EVs more convenient for Arizonans, with a variety of resources and programs. For all things EV, visit aps.com/EV.
