

Your style. Our low prices.

Fall into these smart thermostat deals.

Save money on your energy bill — a smart thermostat can help.

Smart thermostats can work with your APS rate plan to maximize comfort and convenience while minimizing your energy costs. Using your smartphone or device, you can automatically adjust the thermostat to take advantage of lower-cost off-peak hours.

Shop smart thermostat deals at APS Marketplace.

Compare and buy smart thermostats at APS Marketplace. You'll save with instant rebates, discounts and special offers. Also compare prices on other energy-efficient appliances and electronics.

brighter

Visit myaps.store/thermostats and enroll in Cool Rewards at checkout. Already have a smart thermostat at home? See if it's eligible to enroll at apscoolrewards.com.

Cool Rewards

The program runs from June 1 to September 30 and helps conserve energy during times when energy usage is at its highest. Learn more at aps.com/coolrewards.

* Terms apply. Must be an APS customer and pay shipping and taxes. Requires enrollment in our Cool Rewards program to get special pricing. Rebates are limited to one per AC system (up to 5 systems per home). Limited time offer. Good while supplies last. Actual savings may vary.
