Community Corner

APS Community Tree program

The APS Community Tree program works to ensure neighborhoods across Arizona receive the benefits of shade and cleaner air with expanded tree canopy. We offer grant funding to qualified organizations for community-based tree planting projects in high-need areas throughout our service territory. APS will accept one proposal from a qualified organization per year in an open and competitive cycle. Proposals may be submitted for a minimum of \$1,000 and maximum of \$10,000 and only used for the purchase of trees, tree stakes and ties. For more information contact CorporateGiving@aps.com or visit aps.com/communitytree.*
