

NOVEMBER 2024

aps FYI

BUSINESS EDITION

Thanksgiving Thanks

Happy Thanksgiving from all of us at APS. We are grateful for the opportunity to serve our customers and are here for you, 24 hours a day, 7 days a week.

aps.com

Lean into Learning

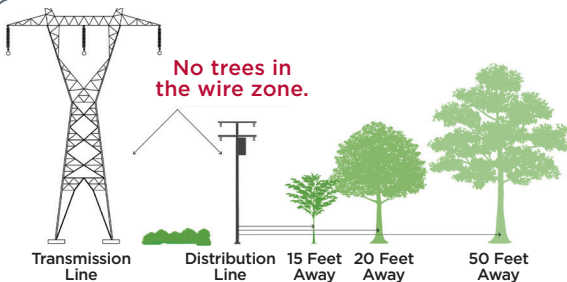

Join us at 11 a.m. Wednesday, Dec. 11 for Converting Energy Audits into a Business Plan. Explore how to take the results of an energy audit and create a business plan for energy efficiency, success and sustainability.

Electric Light Parade 2024

For more than three decades, the APS Electric Light Parade has helped kick off the holiday season. The largest holiday light parade in Arizona is full of dazzling floats, marching bands, dance groups and more. Mark your calendar for Saturday, Dec. 7 and join this cherished holiday tradition. For more details, visit phoenix.gov/elp.

RIGHT TREE, RIGHT PLACE

Plant the right tree in the right place. Shrubs and trees planted near overhead lines should not grow taller than 15 feet. Learn how we manage vegetation in your neighborhood at aps.com/trees.

Community Corner

aiipi.asu.edu/ila

Indigenous Leadership Academy at ASU

The Indigenous Leadership Academy (ILA) is a signature program for emerging leaders in Arizona and throughout the nation focused on Indigenous leadership. With support from APS, ILA collaborates with local community leaders and ASU educators to create a brand and curriculum committed to building the next generation of Tribal and community leaders.*

YAMS, NOT SCAMS

International Fraud Awareness Week is in November. If there is ever a question about the validity of an email, website or person claiming to be an APS representative, call us immediately at **(800) 253-9405**. Do not use the phone number the suspected scammer provides.

TRADE ALLY

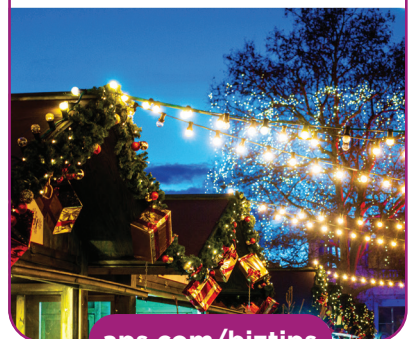

Trade Allies have the tools to help customers, such as schools, manufacturers, multifamily facilities and government agencies understand how to use energy wisely and become more sustainable. Work with a Trade Ally to see if your business qualifies for a rebate to improve efficiency.

HOLIDAY SAVINGS

Get in the holiday spirit with these energy-saving tips:

- Hang ENERGY STAR® LEDs: They last longer and are more durable.
- Install timers: Automatically turn lights on and off based on your operating schedule.
- Be safe: Before stringing lights, check for damaged outlets and cords.

aps.com/biztips
