Simple ways to lower your energy costs

There's a lot to manage when running a business, including energy costs. The Solutions for Business program makes it easier to save energy, improve efficiency and invest in upgrades that make sense for you. No matter the size of your project, you have access to tools, resources and rebates that support you from start to finish. Start your energy-saving journey today at aps.com/s4b.

Let's talk about AutoPay

Life gets busy when you have a business to run.

Shorten your to-do list with AutoPay. Your amount due will be automatically withdrawn each month using the payment method you choose. Learn more or enroll at aps.com/bizautopay.

Giving your business more flexibility, choice and compensation

With Flex Solutions, your business can participate in conservation events during times of high energy use and earn up to $60 per kilowatt saved while supporting a more resilient energy grid. You can use the energy technologies your business already relies on, including building management systems, batteries and backup generators. Learn more at aps.com/flex.

Apply for APS/Suns STEM Teacher Grants this October

Big ideas start in the classroom. K–12 public and charter school teachers teaching within our service territory can apply for up to $2,500 for a STEM grant October 1–31. Teaming up with the Phoenix Suns, our STEM teacher grants* help bring those ideas to life, supporting hands-on learning that empowers students to think critically, create boldly and imagine what's next. Learn more and apply at aps.com/stem.

CARE for customers

APS CARE continues to grow. And we're proud to join in the giving by **matching the total of all donations made — up to $500,000** — from January 1 through December 31, 2026 (funded by APS shareholder dollars with no impact to customer bills.) Donations are distributed by our partner, The Salvation Army, to APS customers in need, helping them stay on top of their energy bills. To learn more or donate through your monthly bill, visit aps.com/care.*

Cool Rewards Business — Earn up to $100 per thermostat

With the Cool Rewards Business program, you can help conserve energy during times when energy use is highest and receive up to $100 in bill credits per qualifying thermostat enrolled in the program your first year. During conservation hours, your smart thermostat will be adjusted a few degrees, keeping your space comfortable while helping the grid meet everyone's needs. Learn more and enroll at aps.com/coolrewardsbiz.

Balance your bill

With **Budget Billing**, you can smooth out the highs and lows and pay about the same amount each month. Your recent energy bills are averaged to set a more predictable monthly payment, so you know exactly what to expect. See your Budget Billing amount and enroll at aps.com/bizbudgetbilling.

Let's keep in touch

October is National Energy Awareness Month. We know managing energy costs matters. Our alerts can help you stay informed and avoid surprises.

- Set usage, demand or on-peak thresholds.
- Get notified when your bill reaches an amount you choose.

When you update your mobile number, you'll automatically be enrolled in outage alerts. If you previously opted out, you can re-enroll at aps.com/bizalerts to stay informed.

CUSTOMER ADVISORS ARE HERE FOR YOU
