Product & Program Implementation Team

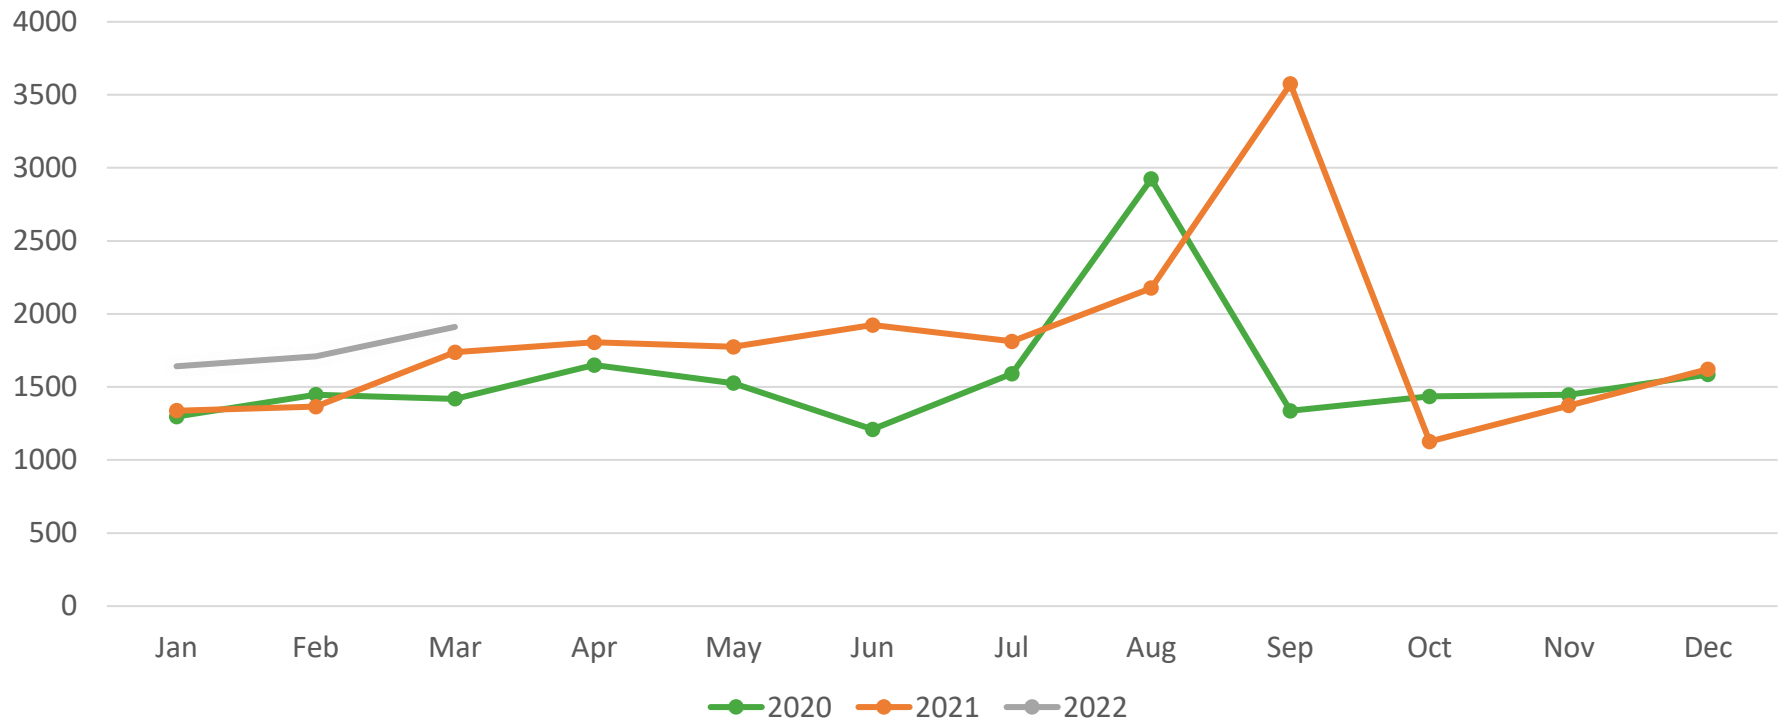

Who are we and what do we do?

Customer to Grid Solutions Product & Program Implementation

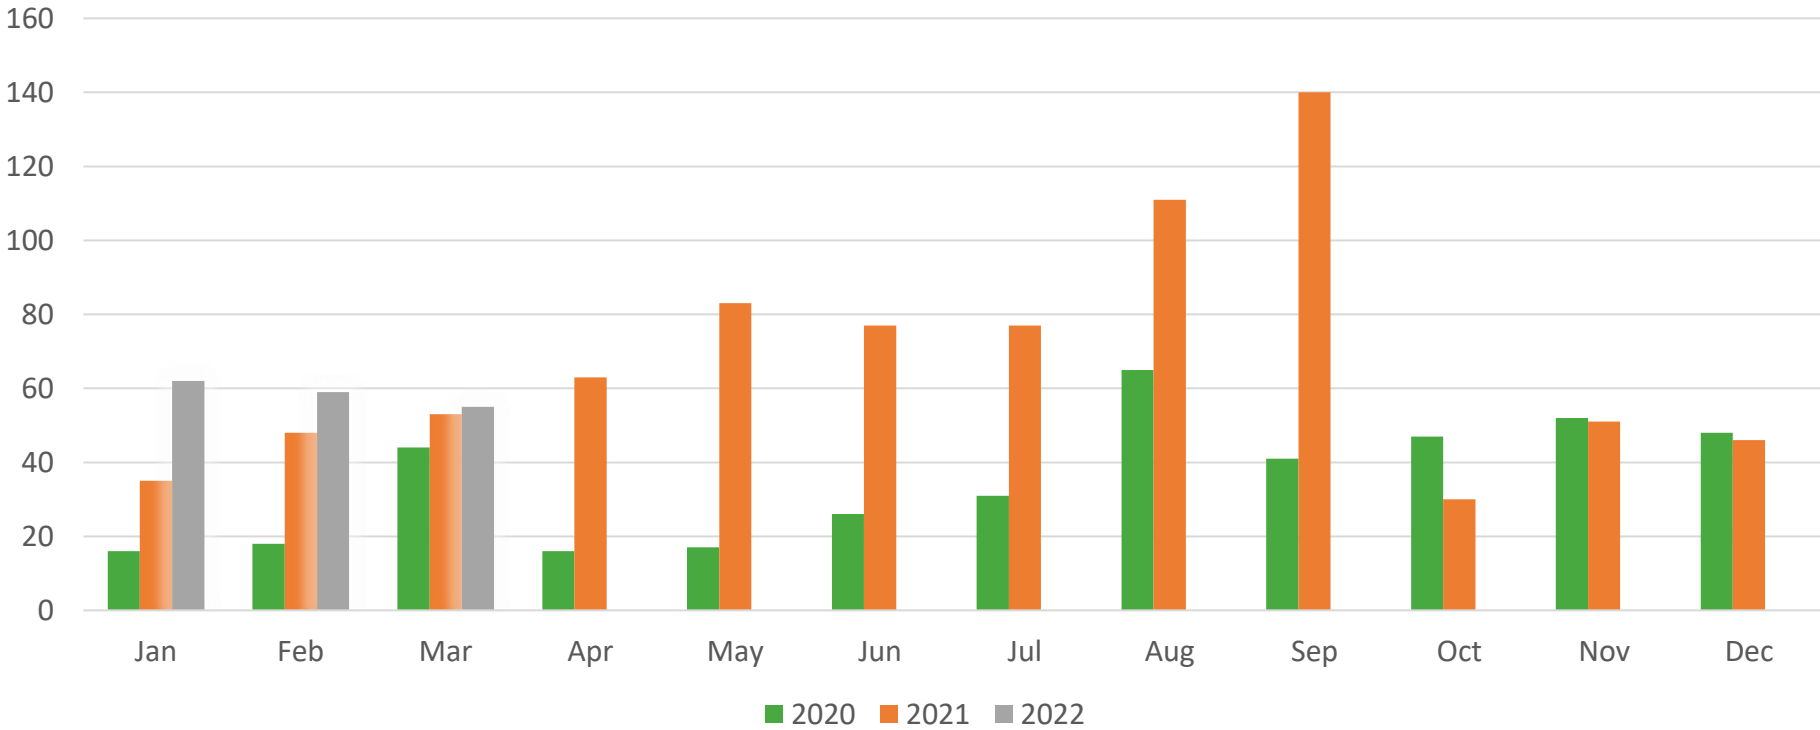

We are responsible for reviewing residential and commercial distributed energy resources interconnecting to the APS grid. We comply with the DG interconnection rules and ensure APS interconnection requirements are met for the protection and safety of our customers, our employees and the distribution system.

As part of the Customer to Grid Solutions organization it is our goal to find solutions and develop programs that are mutually beneficial to our customers and to our grid.
