CCR Program Documentation
Groundwater Monitoring Program – Notification of Appendix IV Exceedances
CH_GW_AppIVExc_003_20250517

Subject: Groundwater – Notification of Appendix IV Exceedances; Cholla Power Plant

Pursuant to 40 C.F.R. Secs 257.95(g), APS is providing notice that one or more constituents in Appendix IV are detected at statistically significant levels above the groundwater protection standard for the Bottom Ash Pond at the Cholla Power Plant. The constituents are as follows:

- Cobalt
- Lithium
- Radium

APS will characterize the nature and extent of the release and any relevant site conditions that may affect the remedy ultimately selected.

If you have any questions about this or would like additional information, please consult the CCR information webpage located within APS.com or contact Neal Brown at neal.brown@aps.com.
