Solve Your Bill Mystery
Visit aps.com to watch a short video about factors that might affect your bill and learn simple steps you can take to lower your bill.

Get to Know Your Plan
How well do you know your service plan? New plans were introduced last year with many added and updated features, such as time-of-use plans with on-peak times of 3-8 p.m. Learn more about your plan to take advantage of all the benefits it has to offer.

Need to Pay in Cash?
We teamed with KUBRA to make paying with cash an EZ-PAY option at participating retailers. To learn more, visit our website.

Billing Made Simple
Try paperless billing—get an email when your bill is ready and add text or email alerts to remind you when your payment is due.

SHINING A LIGHT ON POWER OUTAGES
Powerful summer storms can cause outages, and we're prepared to respond and restore your power as quickly and safely as possible. Report an outage, view our outage map or sign up for alerts on our website or through our mobile app.

Community Corner
Teachers looking for extra funds for classroom projects have the opportunity to apply for grants through our partnership with the Phoenix Suns. The APS/Phoenix Suns Mini-Grant Program makes $50,000 available to teachers for hands-on projects with an emphasis on Science, Technology, Engineering and Math (STEM). The grant program is available to teachers located within our service territory, and each teacher can apply for up to $2,500. Visit our website to learn more.

Arizona, the Solar Powerhouse
Solar power shines bright in Arizona. In fact, we rank first among all states in residential photovoltaic solar capacity installed per resident. Solar is an important part of our clean energy mix, powering all customers.

Source: 2017 data from Greentech Media and the Solar Energy Industries Association

**ELECTRICITY THEFT**
Call us at (602) 371-7248 if you see any signs of suspicious activity, including:
- Unusual wires near your electrical meter panel
- Out-of-place wires at overhead power lines or where lines connect to your house
- Electricity at a location that doesn’t have a meter
- Unusual activity or tampering around a meter

**FIREWORKS SPECTACULAR**
This year is the Kiwanis Club of Tempe’s 67th Annual Fireworks Spectacular. More than 100,000 people come out each year to experience one of the largest Fourth of July fireworks shows in the state as it blasts off from the Mill Avenue Bridge.

**STAY ALERT**
Signing up for a usage alert can help you keep track of your energy use to better manage your monthly budget.
- Set a dollar amount and/or energy usage limits
- Be notified by a text or email alert when you’ve reached those limits
- You can also sign up for billing reminders and payment confirmations
