Savings at Every Turn
We’re always on the lookout for ways we can use new technologies to operate more efficiently and keep costs down for you. Our fleet of vehicles was recently outfitted with GPS telematics. This technology allows us to analyze travel patterns and more effectively dispatch crews. This is part of our continued commitment to keep costs down and respond to customer issues as quickly as possible.

If a summer storm causes a power outage, your business needs fast, accurate information. Visit our online or mobile Outage Center for up-to-the-minute updates so you can keep your employees and customers informed.

Get Timely Outage Info

Cool Summer Tools
Don’t lose your cool over the summer heat. Take steps to save on your summer energy bills like taking our Business Energy Analyzer survey, checking out our industry guides or finding ideas to optimize your cooling system with our HVAC best practice guide.

ANSWERS TO YOUR QUESTIONS

Q: Do I have to log in to my energy account whenever I need to make a payment?
A: Not if you enroll in Autopay. Your payment will be automatically deducted from your bank account on your due date.

Community Corner
Children’s Museum of Phoenix
Keep your kids and yourself cool and busy this summer at the Children’s Museum of Phoenix. Join in their mission to engage the minds, muscles, and imaginations of children and the grown-ups who care about them. There are three floors of dynamic and educational exhibits for the whole family to enjoy.

Getting Charged Up for Electric Vehicles
Electric vehicles are an important part of Arizona’s clean energy future, and we want to help make driving EVs more convenient for Arizonans. Our new Take Charge AZ pilot program will install and maintain EV charging equipment at businesses—making it easier for your employees and customers to drive electric and charge up while they are working or at your place of business.

CELEBRATE SAFELY
If your business is planning to host a Fourth of July celebration, be sure to make safety a priority:
• Keep all fireworks far away from overhead power lines and roofs
• Balloons and other decorations should also be kept clear of power lines

PHOENIX RISING
We’re pleased to offer our customers discounted tickets to Phoenix Rising FC games. It’s a perfect opportunity to take your employees on a group outing to cheer on Arizona’s very own professional soccer team.
