Moving can be stressful. Take some of the hassle out of your move by starting, stopping or transferring your electric service online anytime.

You enjoy the convenience of doing a wide variety of things online, so why not view and manage your energy bill that way, too?

When storms cause outages, we work quickly to restore service. Stay informed on outages with our outage map and sign up for alerts.

We want to provide support to customers experiencing financial difficulties. To help make sure you’re ready for summer we provide assistance programs and energy-saving options. Our Energy Support Program provides a 25% monthly bill discount for those who qualify. This is one of the many assistance programs we offer.

Don’t be caught off guard when the summer heat kicks in. We have tools available to help you monitor your energy use and manage your energy costs all summer long.

Make sure you’re on the right plan for your household

STAY CONNECTED
Community Corner
Gregory’s Fresh Market
We’re proud to support Gregory’s Fresh Market, a nonprofit organization that provides seniors and veterans in our communities with access to healthy food. More than 7,500 individuals in independent living facilities throughout Maricopa County are served through a mobile farmers market and educational programs that promote nutrition.

Passing More Tax Savings On to You
As part of our commitment to deliver affordable energy, this year we’re passing $86 million in federal tax reform savings directly to our customers. This is in addition to $119 million in tax savings we began returning to our customers last year. For a customer using an average amount of electricity, the latest reduction will bring the savings to about $8 per month and will vary based on energy usage.

KEEP YOUR COOL
Monsoon season is at our doorstep. When a storm hits, take these precautions:
• After a storm, stay a safe distance from power poles and APS structures in areas where structural damage is evident
• Always assume that downed power lines are energized and remain at least 100 feet away

HOOPS FOR HEROES
Join us in honoring our Veterans and First Responders at the Phoenix Mercury Hoops for Heroes night on July 7. You can receive discounted tickets to help us cheer on our heroes and our home team.

STORM WARNING
As temperatures rise, it might be tempting to crank up the AC. But there are other strategies to help cool your home:
• If you’re on Saver Choice Plus or Max, use a programmable thermostat to pre-cool your home prior to on-peak hours
• Add shade screens to your windows
• Close curtains and blinds during the day

WE’RE AVAILABLE 24/7 AT APS.COM
During core business hours of 7 a.m. to 7 p.m. M–F
(602) 371-7171 (metro Phoenix)
