   a. The Customer is eligible to receive funds pursuant to this schedule if the total of all REAC related payments made to the Company for the customer’s service account or accounts, individually or collectively, total $25,000 or more in any one calendar year (January – December).
   b. Funds collected from the Customer in any one year (the Payment Year) will be available to the Customer for self-directed projects in the following year (the Funding Year). Funds received during the Funding Year will not exceed payments collected by the Company in the Payment Year. In addition, if the Customer has facilities in multiple service territories, only those payments collected by the Company are eligible for SDR funding.

2. Project Eligibility:
   a. SDR funds obtained by the Customer from the Company may only be used for projects physically located within the Company’s service territory.
   b. Projects specified in the Company’s Distributed Energy Administration Plan (“DEAP”) are eligible for SDR funding. SDR Customers must request incentives no greater than the prescribed incentives specified in the DEAP. If the Customer...
wishes to apply funds to a project not specified in the DEAP, the Customer must submit documentation detailing project economics and funding requirements.

d. For purposes of financing SDR projects, funds provided by the Company may be assigned to third parties. Such assignment will be at the Customer’s sole discretion. The Company assumes no liability for third-party assigned funds.
