APS New Construction Process

Typical Construction Project Workflow

Project timelines may vary by job complexity and current turnaround times.

If you have any questions throughout the process, please refer to build.aps.com or contact your Customer Project Representative (CPR) weekdays between 7 a.m. and 3 p.m. For additional information, call the Construction Helpline at (602) 371-6140.

Call (602) 371-6140

to add your name to the billing account and choose a rate plan

Call municipality for final inspections approval/clearance

Meter

is set!

PLEASE NOTE: APS cannot schedule a job for construction without signed easements, approved permits, signed agreements and any outstanding invoices paid.

PLEASE NOTE: A customer account and municipality clearance are required to set the meter.

* Design time varies by job complexity.
